

THE MILLENNIUM FUTURITY & SALE

BELL COUNTY EXPO CENTER
BELTON, TEXAS

May 20th & 21st, 2016

WELCOME TO THE 2016 MILLENNIUM FUTURITY

Welcome to the 2016 Millennium Futurity! This is the Futurity that started “futurity mania” and we are proud to lead the pack as the futurity phenomenon continues. Located again at the terrific Bell County Expo in Belton, Texas, we look forward to hosting a celebration of Texas Longhorn cattle and the fellowship that it brings. It’s good to have our fellow longhorn breeders come together for a fun filled weekend with some hotly contested classes! We will kick off the event on Thursday with Longhorn burgers and the fixins. So as you arrive, be sure to check out the cooks to see what they’ve prepared for you. Friday we will begin the Bull Futurity, followed by dinner sponsored by ITLA and the Millennium Heifer Sale Friday night. We will have a couple of special auction items that we think you will like. The Heifer Futurity will commence on Saturday morning and, as always, will provide a great insight of what is going on in the programs of our fellow Texas Longhorn Breeders.

We certainly could not continue this unique event without our consignors and entrants who have once again dug deep into their programs to bring quality stock that we always enjoy. Please join me in thanking the Breeders who have traveled near and far to bring these wonderful cattle. The quality of the cattle consigned and entered into the competition just gets better with each year!

So, WELCOME. We hope that you enjoy all that is “The Millennium Futurity.”

COMMENTS: Hard to let this one go! Very sweet, solid heifer with as solid genetic background as they come. By integrating Sittin Bull genetics with Boomerang this good heifer is proof that you get what you breed for. She's exposed to the great young bull of Chase Vasut, AF Gunslinger! Should be another dynamic match!

POCO LADY BLYO FRECKLED COWGIRL [YO CLASSIC MARQUIS
YO WICKED WIND 3586

COMMENTS: Freckled Bandita is a naturally thick, correct heifer with above average horn length for her age. When we look at matings, we consider the strengths and weaknesses of each animal and breed her accordingly. Bandera Chex has been consistent in producing offspring that are easy fleshing with desirable frame size, and quiet dispositions. He passes on his beautiful mother's ability to milk and raise big, healthy calves. The dam of Freckled Bandita, YO Freckled Cowgirl, has a beautiful udder and raises fat calves. We put two heifers in the sale last year and they both won their classes, she could do the same!

COMMENTS: OCV'd. Here's a heifer we've had a lot of interest in. She has that above average frame size, the perfect horn set, and the tips are hooking back way hard. Her sire is a Millennium Champion we owned with Oren O'Dell. Her dam is a cow we bought at the Legacy in 2010. She's been exposed to our junior herd sire, The Judge, who's sired by RRR Rimount's Edge, who's over 80". This gal has a building block of flash, horn and champions. Pualpation and measurement announced at sale.
