FORT WORTH, TEXAS

WELCOME

Welcome to the 2019 Millennium Futurity. The Partners of the Futurity have put together some of the nicest sale heifers in recent memory, and the entries for the Futurity ensure this to be a great competition. We will kick off the event with a crawfish boil at the end of check-in for your enjoyment; so come prepared to participate in the friendship and camaraderie of this event!

We will begin the event on Friday, May 10, with the Bull Futurity at 2:00 pm. We will start the Heifer Sale at 5:30 pm. At the conclusion of the Heifer sale, we will have social hour and dinner starting at or about 7:00 pm. The Heifer Futurity will commence on Saturday morning at 10:00 am. The awards will take place about one hour after the end of the Futurity.

Additionally, this year, the Millennium Futurity will feed hay to ALL entries that are participating in the event. Also, we are penning each exhibitor's animals together so you can hang your banners, feed special ration, etc. without having to travel all over the barn. Water tubs will be provided and will be taken care of by our wonderful sale barn manager, Donnie Taylor, and his crew. If you have special needs, you will need to work with Donnie. The sale heifers will be housed on one row, utilizing both sides of an alley, in order to facilitate moving them through the sale efficiently.

Finally, thank you all, for your continued support of The Millennium Futurity. Our consignors, participants, and sponsors have dug deep, and it is with much humility that I express my personal thanks.

WELCOME!

Christy Randolph

WHAT EXACTLY IS THE MILLENNIUM FUTURITY?

Ben Gravett, of Catlett, Virginia, and his then ranch manager Bill Davidson, began planning for the Millennium Futurity in 1999. The idea of a Futurity itself was not that new. In fact, the idea came from the Gravetts' long background with equestrian organizations where such futurities have been held for years.

In 2000, the first Millennium Futurity show took place in Culpeper, Virginia. That year the prize money totaled \$10,000 with only 4 classes. G&G Longhorn calves were the first animals to be eligible for the show. The event really took hold in the next couple of years. The prize money increased to over \$35,000 in 2004, the number of partners jumped to 27, the number of show classes increased, and the sale moved to Waxahachie, Texas to accommodate the growth. All of this after only a few short years!

QUICK FACTS ABOUT THE FUTURITY:

- *Once Futurity eligible, an animal's entire future blood-line is Futurity eligible
- *A breeder does not have to be a Futurity Partner in order to compete in the Futurity
- *There are 5 judges, and the high and low scores are thrown out
- *The Futurity has 58 partners from coast to coast
- *The Futurity has a guaranteed \$60,000 pay out
- *51% of all winners come from small breeders (25 cattle or less)
- *51% of winners are bought at Friday night's sale
- *75% of annual Futurity sales have averaged over \$3,400
- *The all time high selling heifer was \$72,000 at the 2005 Futurity

The main goal of the Millennium Futurity is to promote the Texas Longhorn by displaying “animals of value” and to have some fun in the process. The Futurity allows people to show off their best animals and have a chance to win money and prizes. It also affords everyone an opportunity to see what other breeders are producing.

Many people are still unsure of exactly how the Millennium Futurity works. Here is a brief outline of the Millennium Futurity as explained by Bill Davidson:

Any animal to be shown or sold at the Millennium Futurity must first meet the eligibility requirements. In order to be eligible, the animal must be registered with the Texas Longhorn Breeders Association of America (TLBAA) or the International Texas Longhorn Association (ITLA), and must have been owned by a Millennium Futurity partner since the date that partner joined. In addition, any offspring that an animal has after the time it becomes Futurity eligible is considered eligible. This allows people who are not partners in the Futurity to participate in the show once they've purchased an animal that is already eligible.

The TLBAA or ILTA office places a “Millennium Futurity” stamp on the registration certificate of eligible animals. This should eliminate questions about eligibility. Check the registration certificates of your longhorns to see if there is a “Millennium Futurity” stamp on it. If there is, that animal (and/or its progeny) is eligible to compete. (As long as they are within the age restrictions. Review the official entry form for Class designations.)
