Welcome Longhorn Enthusiasts to the 25th Millennium Futurity

Welcome Everyone to Lexington, Kentucky for the 2025 Millennium Futurity. We are thrilled to be back and can't wait for an exciting weekend full of Longhorn friends, memories being made, and some of the best young cattle in our industry being shown for the next few days. This has been a great year for the Millennium Futurity with tons of excitement and 2 new partners joining the fun. Our goal is to continue to make this event bigger and better, and with your help, we are doing just that.

As usual, this event would not be possible without all of you who stepped up to sponsor. This allows us to do so much in the way of promoting this event and our Texas Longhorns. From Bourbon Tours, larger payouts, and not to mention having an amazing panel of judges, it would not be possible without you. From the bottom of my heart, I'd like to send a huge "Thank You!" Throughout the event, I encourage you to thank each sponsor as well. We have an exciting weekend planned, especially the annual "SELLING OF THE ROOSTER." Where will he go this year?

If this is your first time to the Millennium, I would like to thank you for coming. There is such a rich history of this event, and with new participants and those in attendance, it just helps us continue to grow our great breed. If you have any questions at all, or if there is anything we can do, please don't hesitate to reach out to us!

The Longhorn Market, and especially the futurity scene is at an all-time high across the country. It is so amazing to see how much it has grown and to get to meet all the great new breeders coming in this year. We have a fun weekend planned for you and we hope that you take in all the Millennium and Lexington has to offer.

Again, Welcome to the 2025 Millennium Futurity. Let's have some FUN!

(JUSTIFY x ANTE UP BCB)

DOB: 11/15/2024

PH#: 23/4

REG: PCI355699

BREEDING INFORMATION: Not exposed.

COMMENTS: OCV'd. Up Stage is such a cool parker brown spotted heifer! Her gorgeous dam, Up The Ante BCB, is one of my favorites on the ranch with her low rolling horns and friendly disposition. It won't be long before she hits the 90" mark (she's only 4 years old). Center Stage BCB, the well-made brindle sire of Up Stage, is a son of Brazos Rose Ranger who has made some of the prettiest daughters with low-rolling horns and feminine, deep bodies. The dam of Center Stage, Just A Handful BCB, measures 93" TTT and is an own daughter of the late Justify. This makes Up Stage a double bred Justify calf. Look for the 3/4 sister to this heifer in the sale so that you can see the consistency of these genetics for yourself. Find more information about her at www.bolenlonghorns.com.

COMMENTS: OCV'd. Playing It Cool is a flashy brindle heifer! Just Ring Her BCB, her dam, gives the most colorful calves on the place. Center Stage BCB, her sire, is a well-made brindle son of Brazos Rose Ranger, who produces daughters with beautiful low-rolling horns. Center Stage's dam, Just A Handful BCB measured in at 90" TTT as a four-year-old and was one of the high cows in our last Production Sale. So, this heifer is a double bred Justify calf! She is one of two Center Stage daughters up for grabs. Be sure to check out her 3/4 sister in this sale. You can see the consistency of these genetics for yourself! COMMENTS: OCV'd. We are proud to bring this incredible heifer to our first Millennium Sale. This young heifer has great horn growth and direction for her age. She has placed in almost every futurity she has been in, so that helps her speak for herself. Being in Futurities also means she is used to the chute, vet visits, hair trim, and trailer rides making her an easy keeper with a very calm disposition. Her brindle hasn't started to come in yet but should since she has the wide gene E+e. If she follows in her dams footsteps she will be a gorgeous twisted cow, beautiful color, great body and milk great. BREEDING INFORMATION: Exposed to Mayday from 7/22/25 to 8/1/25 to sale. Witnessed breeding on 8/20/25.

COMMENTS: OCV'd. Introducing Dynamic Ojo LP, a promising young Texas Longhorn heifer with a powerful pedigree and early horn development. Born November 2, 2023, she descends from Dynamic 0 and Kettle's Ojo, delivering genetics rooted in Jaguar Chex and Horseshoe J Robust. With a genetic profile rated E+E+, T6, M6, she marries growth potential with maternal strength. Her performance in futurities has been consistent and impressive—highlighted by strong placings, including 2nd at Piney Woods and top-tier finishes at Peach State and G&G Fall Classic events. Her horn development is progressing at an impressive pace, currently measuring 47.75"TTT as of mid-June 2025.

BREEDING INFORMATION: Exposed to GPC Johnny Boy from 11/15/24 to 3/10/25. Confirmed breed for a fall calf.

COMMENTS: OCV'd. GPC Peggy Sue is a well made, colorful heifer with a bunch of horn. She measured 62.25" on 8/13 as a 23 month old! Her dam, Tsunamis Respect, would be a mid 90's TTT cow and well into the 100's TH, had she not broken a tip. Not only does Peggy's dam have horn but she is good footed, milks well and has breed back inside 30 days, ever since we have owned her (3 yrs, twice by AI). Peggy is confirmed breed to multiple futurity winner and high point bull, our very own GPC Johnny Boy! Johnny Boy brings so many great cow qualities to the table and this calf should be amazing. We are excited to offer such an awesome heifer package at the Millennium!
